

Challenges to inclusion/ integration during Covid-19

- Crowded living conditions
- Compromised access to health and other services
- Food insecurity

- More limited access to territories and asylum procedures
- Detention, forced returns and deportation
- Refugees stranded and families separated
- Increase in discrimination, Xenophobia and other protection concerns including SGBV/ CP issues

- Rising unemployment
- Decline in remittances
- Inability to pay rent/ services
- Limited access to national social support systems
